

# An Adventurous Day at the Beach

Part 2

The children found a chest. They opened it. It was filled with treasure.

We found treasure!

Then they saw some pirates come towards them. The children had nowhere to hide.

It's all right.

The pirates laughed and told them that they were just filming a movie.

**Action!**

They let the children stay and watch.

When the filming was over, the pirates gave the children the “treasure”.

**Thank you!**

**What an adventure!**

It was sunny again with a beautiful rainbow across the sky. The children left the cave with their new “treasure”.

**The End**
