

The Puppet Show

Part 1

One day, a family found a box in the attic. It was covered with dust. They opened the box and found puppets inside.

Look at what we found!

The next day, the children showed their class the puppets.

The class decided to make new clothes for the puppets.

They also made a puppet theatre. It had a woodland scene.

They learned to make the puppets move and walk.

Then they wrote a story about the puppets.

Let's put on a puppet show.

Yeah!

The teacher said to the class, "Why don't we put on a puppet show for the whole school?" The children agreed and were very excited.

To be continued...
