

The Puppet Show

Part 2

The class performed their puppet show. They spoke the puppets' lines and made them dance. The whole school enjoyed it!

This is amazing!

Have a great summer!

The children put the puppets back and ran home.

Then the school was closed for the summer holidays.

That night, one puppet pushed open the lid of the box.

Hurry up, guys!

The puppets ran out of the town and into the woods.

All the puppets are gone!

Who took them?

The puppets danced and sang, "We can move on our own!"

The summer holidays were over. The children returned to school. They were surprised to find the box empty. They could never imagine that the puppets could make their own puppet show.

The End
