

The Careful Buffalo

Part 2

The buffalo started running faster and faster. His powerful hooves tore through the grass. Mud flew everywhere.

He was so heavy that the earth shook when he ran.

Soon he overtook the hare.

The hare knew he could not beat the buffalo.

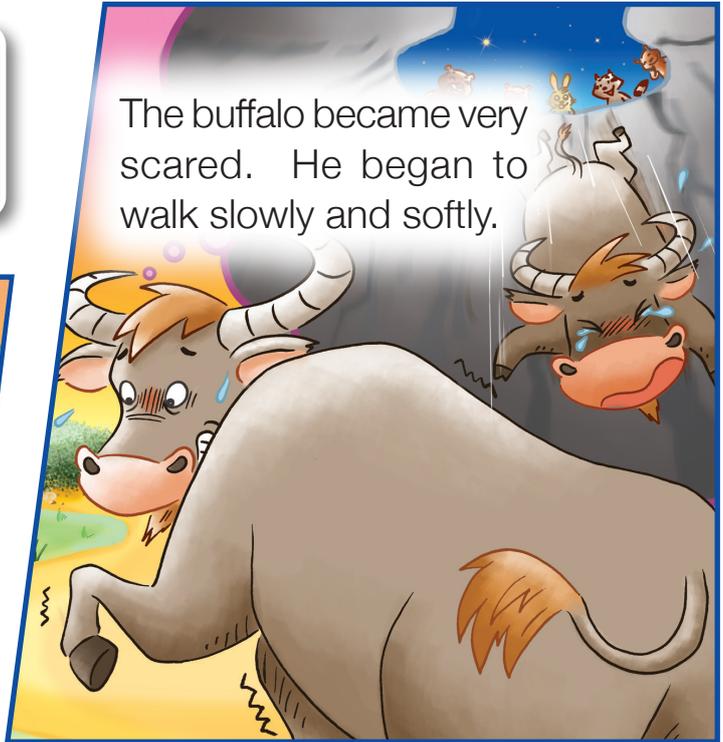

The hare thought of a plan.

Hey! Stop running! You're too heavy. You're going to fall through the earth.

The buffalo became very scared. He began to walk slowly and softly.

It's okay that I lost. It's much better to be safe!

The hare laughed and ran past him to the tall tree.
